Harold, I've been tipped off re: your first cousin connection. At last it's out. For some reason my reaction is to get out this old postcard and say Hi! I have done nothing on the case, no plans, Bought GPO's & JFK volumes.

Am now with my third const. Co - working on D.C. Housing - PROJECTS. Aside from the social experience, it is solid on the job experience adding to Repetoire (sp?) of skills.

Perhaps some sonny day (weekend?) I could join you and sit around getting a tan out in your yard.... Warm Regards, Kevin
